Usage

Inset Boxes

The package provides for three inset boxes — a black/grey “Note” box, a blue box “Quote” box, and a red “Warning” box. Each takes two arguments, for the title and contents respectively; the Note and Warning boxes can take an optional argument to change from the default titles.

```
\noteBox{Title}{Content}
\noteBox[Different Note:]{Note 2}{Content}
\quoteBox{28 U.S.C. \S 1367(a)}{(a)Except as provided
in subsections (b) and (c) or as expressly provided otherwise
by Federal statute, in any civil action of which the district
courts have original jurisdiction, the district courts shall
have supplemental jurisdiction over all other claims that are
so related to claims in the action within such original
jurisdiction that they form part of the same case or controversy
under Article III of the United States Constitution. Such
supplemental jurisdiction shall include claims that involve the
joinder or intervention of additional parties.}
\warningBox{Title}{Content}
```

Different Note: Note 2

Content

28 U.S.C. §1367(a)

(a)Except as provided in subsections (b) and (c) or as expressly provided otherwise by Federal statute, in any civil action of which the district courts have original jurisdiction, the district courts shall have supplemental jurisdiction over all other claims that are so related to claims in the action within such original jurisdiction that they form part of the same case or controversy under Article III of the United States Constitution. Such supplemental jurisdiction shall include claims that involve the joinder or intervention of additional parties.

Warning: Title

Content

Case Briefs

Case Briefs are made through a 9-argument command:

```
\caseBrief{Title}{page range}{Parties}{Procedural History}  
{Facts}{Question Presented}{Holding}{Reasoning}{Other Notes}
```

The “Title” will be automatically added to the table of contents. Within any of the sections, normal latex formatting (and the boxes defined above) should work
